RULES

Each person fills in their Top Ten lists without consulting other participants. Once the lists are completed, everyone circles up, and one person at a time shares one list. Then the next person to the left shares their list, and so on, until everyone has shared, before moving on to the next category. While sharing, if an item is announced that is shared by others, the other people who have that item on their list raise their hand and cross it off their list and (to save time) do not share it during their turn. Finally, the most important rule is: LOVE YOUR NEIGHBOR. Therefore, NO MOCKING IS ALLOWED OF ITEMS ON OTHER PARTICIPANTS' LISTS.
